The Forest of Dean Children's Opportunity Centre

Bowens Hills Road,
Coleford, Gloucestershire
GL16 8DU

Tuesday 25th February 2019

Dear Sharon

On behalf of the Forest of Dean Children's Opportunity Centre, I would like to thank The Forest Vintage Vehicle and Machinery Club for their very kind and generous donation.

The Opportunity Centre has been assisting families in Gloucestershire since 1982. Although well established, we receive no statutory funding and we are reliant on grants, fundraising and donations to continue providing our services to children and families across the Forest of Dean.

We believe that all children should be able to play, learn and develop in a safe, stimulating environment with their friends. We understand that each child's individual differences should be embraced, accepted and valued as unique qualities to enable all children to grow and learn together. Therefore, the Centre provides day care services for children age 2 to preschool, with the facilities to care for and support children with diverse and complex special needs from birth to age 7.

It is due to the generosity and enthusiasm of people like yourselves that we can continue providing these services, which some families in the Gloucestershire area see as a lifeline. Current fundraising and donations will go towards improvements to the centre, we are currently looking at automated doors to help our young wheelchair users and overhead tracking hoists.

If you would like to find out more about our charity, please go to www.fodopportunitycentre.org

Once again, many thanks for your support.

Kind regards

Sonia Molyneux
Centre Manager
